AUTOMOBILE SHOW, now under way at the Pan-Pacific Auditorium is biggest in its 37-year history, both in opening attendance and the number of cars displayed. If the interest shown by the public is an accurate barometer, then 1960 will truly be a "New Car Year." In 37 displays are every domestic car and virtually every import having any appreciable sales in this country. Ranging from tiny Italian super-economy cars to our largest Detroit creations, there is, indeed, something for every taste, and almost every pocketbook. Theme of the 1960 show is "Motoring Paradise" and is carried out by a Hawaiian-Polynesian theme. Strolling minstrels entertain with Hawaiian music. Admission is \$1.25 for adults and 50c for children.

SOUTHERN CALIFORNIA ECONOMY is more closely tied to the automotive business than any area in the world. Expenditures for cars and their upkeep exceeds amount spent on food. As a matter of fact, money spent on automobiles and their service exceeds 25 per cent of total retail sales in Southern California. One of every five wage earners is connected with some phase of this business. The trend is up, and the best estimates are that total registrations will reach 3,000,000 in 1959. This is big business and it affects every one of us in that vital spot, the pocketbook.

COMPACTS STEAL SHOW, as expected more interest was shown in the "big three" entries into the economy-car field than in any other display. VALIANT STATION WAGON was a hit, many lookers becoming buyers desiring information as to expected delivery time. Sorry to say, it looks like early 1960 is the best estimate. CORVAIR and FALCON generated much interest which is expected to be reflected in more show room traffic. REGULAR LINES, all of which have many new and interesting features, were well received and reports are that many orders were written at the show. In the past the degree of interest displayed at this show has been reflected in retail sales. If this holds true this year our only problems are those of supply.

THUMBNAIL SKETCHES of your local automobile men will start next week and become a regular feature of this column. Until then so long.
